BACKGROUND:

The purpose of the Comprehensive Sidewalk Plan is to improve walkability throughout the City.

In July 2023, an amended three-year New Sidewalk Program was approved by the City Council. This award is for the first year of the program. In August 2023, the Transportation, Engineering and Development (TED) Business Group issued Bid 23-205, 2023 New Sidewalk Improvements Program. In addition to the new sidewalk locations, this contract includes modification of the existing sidewalk on the southeast corner of 6th Street and Webster Street to address an accessibility issue. The sidewalk will be significantly lowered to replace stairs in the public right-of-way with an accessible ramp.

Locations were selected based on analysis of the existing gaps throughout the City. The gross length of improvements is 3,242 feet (0.61 miles). The locations consist of:

1. Location #1: Royal St George Dr & Bauer Road
2. Location #2: West St & Spring Ave
3. Location #3: Hillside Rd & Sleight Street
4. Location #4: 6th Street & Webster St
5. Location #5: Washington Street - East Side - Osler to Gartner
