### **CITY COUNCIL AGENDA ITEM**

#### **ACTION REQUESTED:**

Receive the Sustainable Naperville 2036 Summary Report and direct staff to schedule a summer 2021 workshop

**DEPARTMENT:** Transportation, Engineering and Development

**SUBMITTED BY:** William J Novack, Director of TED/City Engineer

#### **BOARD/COMMISSION REVIEW:**

N/A

#### **BACKGROUND:**

In 2019 a group of community members approached the City Council about creating a Sustainability Commission to assess the environmental impacts at the local level and develop recommendations for improvement. Rather than operating as a board or commission, the group was formed as Naperville Environment and Sustainability Task Force (NEST).

To further assist with the coordination and implementation of sustainable recommendations, a new Sustainability Coordinator was approved as part of the 2021 budget. This position was posted on March 5, 2021.

#### **DISCUSSION:**

Attached is a summary copy of the Sustainable Naperville 2036 report to provide the City Council and community a glimpse of the long-term vision. The comprehensive report, detailing the next 15 years, contains research and metrics and will be shared as part of the workshop NEST is requesting.

#### **FISCAL IMPACT:**

Dependent upon City Council recommendations.
