BACKGROUND:

Naperville local business Top Golf, 3211 Odyssey Ct, planned to have a fireworks display at their location in celebration of New Year's Eve 2017. Due to timing issues, Top Golf was not able to secure formal City Council approval in advance of the display as required by code. A Top Golf representative requested permission to proceed with the display at the December 19th City Council meeting with an understanding that the formal permit approval request would be brought back in January.

DISCUSSION:

In accordance with the Naperville Municipal Code, an application for the fireworks permit must be approved by the City Council. All of the necessary paperwork has been filed with the Fire Department. A scaled site plan for this event is attached with the application along with appropriate Certificate of Insurance naming the City as additionally insured.

On December 31, 2017, the site was inspected by the Fire Department and no issues were found. The display went off as planned. Pyrotecnico Fireworks Inc was in full compliance.
