BOARD/COMMISSION REVIEW:

N/A

BACKGROUND:

A Water Utilities loader backhoe was reviewed by the Fleet Economic Committee and Fleet Services Project Manager and approved for replacement in the 2018 budget. Vehicles and equipment are evaluated for replacement based on four criteria: age, usage, condition and repair costs. A vehicle must receive a score of 23.0 or greater to be recommended for replacement. The vehicle exceeds the minimum score as shown in the table below.

Unit #	Year	Amortized Life Cycle	Replacement Age	Minimum Criteria	Scored Criteria	Hour Guidelines	Usage Hours	Repair Costs
758	1991	10 years	26.6 years	23.0	46.53	6,000	3,418	\$47,835.67

DISCUSSION:

The Water Utilities and Department of Public Works - Fleet Services Division recommend the purchase of one 2018 Case 580 Super N WT Loader Backhoe. The new Case 580 Super will maintain conformity in the City's fleet, which minimizes operational, service, maintenance, repair,

safety and training costs including minimizing costs associated with parts inventory. The Case loader backhoe is available on the National Joint Powers Alliance (NJPA) Cooperative, an approved cooperative, through McCann, Contract No. 032515-CNH.

Using the City's specifications, McCann has quoted the Case 580 Super loader backhoe in the amount of \$128,000. The award amount also includes a trade-in of the current Ford 555C loader backhoe in the amount of \$7,500 for a net cost of \$120,500. The Case 580 Super will be delivered in approximately 100 days.

Case 580 Super	Less NJPA Discount	Less Trade-In	Net Price
\$218,596	\$90,596	\$7,500	\$120,500
