CITY COUNCIL AGENDA ITEM

ACTION REQUESTED:

Pass the ordinance reserving the City's 2018 Volume Cap

DEPARTMENT: Finance Department

SUBMITTED BY: Rachel Mayer, Director of Finance

BOARD/COMMISSION REVIEW:

N/A

BACKGROUND:

The Tax Reform Act of 1986 established a unified state volume cap to regulate the activities permitted to be financed with tax-exempt private activity bonds. Private activity bonds are issued by states and local authorities to provide affordable financing for a wide range of public purpose projects, such as single-family mortgages, manufacturing facilities, multifamily housing, economic development, student loans, and certain non-profit and environmental facilities.

The Volume Cap Program is a federally authorized program, which allows the state to allocate tax-exempt bond authority to various projects throughout the state. With this authority, bond issuers are able to finance projects at interest rates below that of the conventional market.

DISCUSSION:

Every year each home rule municipality receives their allocation of the Volume Cap for the issuance of private activity bonds. The home rule municipality must allocate the volume cap or reserve it by May 1.

On January 1, 2018 the City received its allocation for the 2018 Volume Cap. The 2018 allocation adjusted for inflation is \$105.00 per capita. Based on a population of 141,853 under federal

legislation through the State of Illinois for the issuance of private activity bonds, the total allocation the City received for 2017 is \$14,894,565. The bonding authority may be used for financing projects within the City or it may choose to sell or cede our volume cap for projects in other Illinois communities.

According to the Governor's Office of Management & Budget, the City of Naperville must first reserve it's 2018 Volume Cap and then can transfer the Volume Cap at anytime up until December 31, 2018.

FISCAL IMPACT:
