BACKGROUND:

The Department of Public Works - Public Buildings Operation (DPW-PBO) is responsible for ensuring that the City's elevators are properly maintained. The City currently owns and maintains twelve elevators in seven City facilities. Except for the Water Street parking deck elevators, the average age of the elevators is 22 years. DPW-PBO has historically retained the service of a professional elevator contractor to perform monthly preventative maintenance checks, test safety devices, and replace faulty or damaged components as needed.

DISCUSSION:

An elevator service agreement is being purchased through an approved cooperative contract with OMNIA. Otis Elevator Company was a responsible and professional throughout prior contracts held with the City. They continue to be an approved contractor for OMNIA, Contract #2019001563.

The term of this contract is two years from January 1, 2023 through December 31, 2024.
